

NFIP Newly Mapped Flood Areas Changes, effective April 1, 2017

Policyholder Checklist

What property owners can do now:

- Property owners may now be required to purchase flood insurance and should talk with their agent.
- If a property owner is not a flood insurance policyholder, this is a good time to obtain this important coverage.
- Buying within the first 12 months of the map change allows a property owner to take advantage of the lower Newly Mapped rates. You save money while providing the coverage your lender will require.
